"The Widow p'Brien" is nothing more or less than "Fm on the Bristol," and the old saying, "A rose by any other name," sic., will have to answer for a criticism of the piece. Mr. Kinrass has got his orchestra into a most perfect shape, and the work of the orphestra receives as much applaces as any part of the performance, the overture teling exceptionally fine. The stage setting is really very artistic, especially in the second act, the steamer Bristol being so fatibifully represented one might almost imagine himself on that magnificent floating palace, the Olympian. Mr. Kety set the Widow is very good. His brogue is most unclinear, and his acting all that could be desired. Miss Mantred gave evidence of her very desaing volca in an entirely new manner by her rendering ad some very difficult mosts in the barlesque on "li Trovatore." Mrs. Crosby says after leaving her at the door of his house, he went down to the All Night Club to get a cigar; and she hasn't seen him since. Nobidy has. There are the proof-silps on his study-table; you know how a wfully purticular old Crosby was with his proof-reading; not a line touched, and the printers swearing mad ever since Thurs say morning. It's dreadful to contemplate."

"Which? The profamity of the printers? Or the disappear noe of Crosby?"

"Now don't joke, Nunky. I'm sure you cannot believe what I say if you talk so lightly about it. And old Crosby was such a dear old chap. Everybody liked him."

"You need not talk of Crosby in the past trans, Arthur, my boy, as if he were thead No. I do not believe that he has really and truly disappeared, never to be heard from. It is one of his kirks, you may depend upon it. For, underneath the Lenign exterior that always attracted you and other lightminded people, old Crosby had a lurking devil in him that would lead him a pretty dance, if he only once and his way."

hot-headed youngster. It was only a burst of the old Chester chivalry, however.

Mrs. Crosby and her daughters, in due time, put on the customary suits of solemn black. A wil, found in old Crosby's writing-desk, was probated, 'and the world trotted along just as if there had never been such a man as Theodore Francis Crosby.

It was hard, as Arthur was wont to say, that a man should go under so atterly, leaving not a ripple on the surface to show where he went down. But by midsummer Crosby's name was never mentioned by his old friends except in an indolent, baff-inquiring way, as if the speaker wondered where Crosby had vanished to and was too indifferent to the subject to pursue it. But
